Moving to Avalon is a Sensible Financial Step to take

Consider what you are currently paying for the following:

- ▶ Home and property insurance
- ▶ Property taxes
- ▶ Yard maintenance and lawn mowing
- ▶ Snow and/or trash removal

- ▶ Major and minor home repairs
- ▶ Appliance repairs and replacements

Avalon's fee structure is thoughtfully constructed in a way that takes full advantage of the economies of scale that come from combining 58 households. While fees at Avalon are among the most reasonable in the retirement community industry, Avalon Management recognizes the serious obligation it has to each shareholder to uphold high maintenance standards. Consequently, the management company is dedicated to consistently finding or providing the best quality services at the most reasonable cost.

Avalon Village fees include a small monthly contribution to a reserve fund for future home expenses, something that individual homeowners often neglect. The well funded and thought out reserve is one of the biggest benefits to moving to Avalon. The reserve establishes a "useful life" for all components of cottages, such as roofs, appliances, flooring, painting, etc. The contribution rate ensures replacement or repair of these components as necessary. Never worry about leaks, drafts, clinks or clanks again!

Financial benefits extend far beyond monthly fees. The management company annually purchases propane for home heating in bulk at a rate well below the price paid by individual homeowners. And, at Avalon there is always a staff member available to address any urgent concerns, night and day.

We want you to concentrate on enjoying your life at Avalon to its fullest!
